

Dear NLANC families,

To avoid any more confusion than we all feel already; I want to put in writing what the company is offering to you and what we here at NLANC will be doing about any and all account information.

The company:

They will pay for:

Flights for the families to interview the new schools; NLA Bend and Bromley Brook School
Flights for the families to fly out with their daughters to enroll them on the date of your choice
Waive all enrollment fees
Waive all uniform costs
Tuition of 5,850 a month
All reasonable travel expenses on both trips

What we will do to finalize accounts here:

Apply the last months deposit to June
Prorate the month of June to each families plan
If you have done your LLP with Robiyn and Mary-Kinsey we will refund half of the alumni service fee
If you have not done your LLP we will refund the entire alumni fee
Refund all pre-paid tuition in full outside of the above

Please be sure to settle all accounts with our providers, including but not limited to:

Shelton pharmacy
Dr. Lechman
Dr. Kiratzis
Dr. Herbert
Mountain Area Occupational therapy

They have nothing to do with this decision and are as upset as we all are. NLANC would like to end our relationship with these fine people who have been so important in taking care of your children in a professional and respectful way.

Thank you all for your support, I'm sure we will be talking again over the weeks ahead.
Be well.

Cheers,

*Catherine Jennings
