Your Million Dollar Man is Trapped Inside a 99¢ Nightmare

Sweetheart, I swear everything sweet isn't sugar-coated. I won't exaggerate when I say I have waited Lifetimes to find you & now that you're here, reading a part of me, I have the chance to remind you of all the things you've been dreaming of, times 2! I've got patience because I know you're timeless, & if Time is the most valuable luxury we have in Life, that makes you priceless. As it stands, all we need is 24 letters to discover one another. After that, I promise you'll want plenty more, for I can be your everything, especially right now & forevermore. I don't fear sounding immature because I've stayed ready to tell you everything to ensure our connection will be secured. I don't want every Woman in the world; I just want You. If you deny my existence, then your indifference will probably make you regret it forever. There's no better place than "Right Here" & no better time than "Right Now" for you to come to me as I have to you. I'm only under the influence of what you've done to me by your love holding a gun to me & forcing my feelings into my pen, never again to run from me. I wrote this in hopes of you being able to bring the sun to me. Can you be my sunshine? If you just give me 24 letters to convince you that the universe doesn't lie, that our chemistry can be at infinity a million times, & that it was meant somewhere in Destiny for us to coincide & not collide through this old online, I promise to give you back that piece of the puzzle you've been missing. This is my first letter of 24. The next one is to be Yours.

Anticipating Your Arrival,
Jacquin.
